

Harris Hill Volunteer Fire Company

Dear Neighbor,

I hope this letter finds you in good health and high spirits. The Harris Hill Volunteer Fire Company is reaching out to you today to share an important initiative that requires your support.

As you may know, our volunteer fire company serves as the backbone of emergency response in our community. We work tirelessly day and night, dedicating our time and efforts to protect lives and property from the devastating effects of fires, accidents, and other emergencies. However, with the increasing demands placed upon us, we strive to continually upgrade our equipment and technology to provide the best possible service to our fellow residents.

This year we are focusing on improving patient care. Cardiac arrest is a life-threatening emergency that requires immediate intervention to maximize the chances of survival. Traditional CPR, while effective, is physically demanding and can vary in quality depending on the rescuer's fatigue, experience, and other factors. This is where an Automated CPR Machine becomes invaluable. It delivers consistent and high-quality chest compressions, maintaining circulation until medical professionals can take over. This device ensures that every individual in need receives the best possible chance at survival, regardless of the responder's physical condition or expertise.

Your tax-deductible donation, whether large or small, will make a significant impact on our ability to provide prompt and effective care to those in need. Your generosity will directly contribute to enhancing our emergency response capabilities, ultimately saving lives and giving hope to our community.

Together, we can make a difference and ensure the safety and well-being of everyone in our community. Please join us in this noble cause by making a donation today.

Thank you for your time, and we look forward to your positive response. If you have any questions or require further information, please do not hesitate to contact us at 716-632-1199 or via email at Chief@HHVFC.com.

Yours sincerely,
